

## Me

Owen

I heard you playing in the middle of the night  
Don't you mind?  
I nearly killed somebody  
Don't you mind? Don't you mind?  
Gave you something you could never give back  
Don't you mind?  
See your face like a heart attack  
Don't you mind? Don't you mind?  
I was late, but I arrived  
Sorry if I'd rather be getting high than watching my family die  
Exaggerate, and you and I  
Oh, I think I did something terrible to your body  
Don't you mind?

I put your mother through hell  
Don't you mind?  
I hate your brother as well  
Don't you mind? Don't you mind?  
I was thinking 'bout killing myself  
Don't you mind?  
And I love you  
Don't you mind? Don't you mind?

I put your mother through hell  
Don't you mind?  
I hate your brother as well  
Don't you mind? Don't you mind?  
All I can think about is killing myself  
Don't you mind?  
And I love you  
Don't you mind? Don't you mind?
