Oxlade

Let us go far away, miles away, far away
To a place where no one can dictate how we play

Girl I wanna be your owner Girl after you, game over (over over) I don't really Care if you're older Baby come rest pon mi shoulder Oh no

Let us go far away, miles away, far away
To a place where no one can dictate how we play

Let us go far away, miles away, far away
To a place where no one can dictate how we play

Give me love, give me proper Give me Shugar, give me tender Anything you want I offer Baby say no more don't bother (Atutupoyoyo)

Let us go far away, miles away, far away
To a place where no one can dictate how we play

Let us go far away, miles away, far away To a place where no one can dictate how we play
