Oxlade oh!
Uhhn uhh yea

I wanna love you unconditionally
Whenever you need me, baby mi call on me
I wanna love you unconditionally
But you gat to take it slow, take it gradually
You all I want
You all I need
Girl I want more
More of you
You all I want
You all I need
Give me some more
You all I need

Show me love
It's not a waste of time
I can see your body close to mine
You get spax like who do the beat
You get sparks like 4th of July
E be like shayo dirty my eye
That is why I can speak my mind
You're superman the way you see right through me
Kryptonite when you dey my side
Need you more than you need me
Nobody said love is easy
Don't give up and don't leave me
Na this small thing wey go kill me

I wanna love you unconditionally
Whenever you need me, baby mi call on me
I wanna love you unconditionally
But you gat to take it slow, take it gradually
You all I want
You all I need
Girl I want more
More of you
You all I want
You all I need
Give me some more
You all I need

I wanna love you unconditionally
But to ba fe ba mi jaiye a lo si Miami
Do me things complicated
Enter gym and exercise patient
I'm worth the wait, I'm an enigma
I'm out of shape, I'm an amoeba
Need you more than you need me
Nobody said love is easy
Don't give up and don't leave me
Na this small thing wey go kill me

You all I want

You all I need
Girl I want more
More of you
You all I want
You all I need
Give me some more
You all I need
