

Hit the Road

Oxymoron

Daily other places and weçfñe still going on
Plenty of new faces cos the nights are long
Tearing down the highway, full speed ahead
miles uncounted, the vançfñ become our bed
...I really missed all that

All bottles empty so we gotta stop
hey what a country ?weçfñe not sold a drop
heading for the venue for another kill
out and up now because weçfñe on the bill
...and play we will

[Chorus:]

Chaos across the nation - we HIT THE ROAD again
Chaos and fun and booze for free ?thatçfñ how lifeçfñ to be
Chaos across the nation ?letçfñ go to HIT THE ROAD again
(...up the next decade)

Living like a rover, troubles where we get
getting pulled over - oh, how weçfñe used to that
One room at a motel for the six of us
the rest too short cos our next showçfñ away some hours
...and we stuck in bars
