Hit the Road

Oxymoron

Daily other places and weç£ \square e still going on Plenty of new faces cos the nights are long Tearing down the highway, full speed ahead miles uncounted, the vanç£ \square become our bed ...I really missed all that

All bottles empty so we gotta stop hey what a country ?weçfde not sold a drop heading for the venue for another kill out and up now because weçfde on the bill ...and play we will

[Chorus:]

Chaos across the nation — we HIT THE ROAD again Chaos and fun and booze for free ?thatç£ \square how lifeç£ \square to be Chaos across the nation ?letç£ \square go to HIT THE ROAD again (...up the next decade)

Living like a rover, troubles where we get getting pulled over — oh, how weç£ \square e used to that One room at a motel for the six of us the rest too short cos our next showç£ \square away some hours ...and we stuck in bars
