

Capricorn Man

Oz

Nothing in his hand, nothing in his eyes
Feeling like the wizard, when going up to the sky
Riding like a Jockey, staring like the night
Flaring like the fire, dancing through the light

I know Capricorn man, I believed he's alive
Say no, somethin' you can
Oh Lord, I've been wild

Capricorn man

Someone says he's (an) outlaw, someone screams his name
The reaction fireball, poor boy, coming down your way
One little hot bullet rain more in his head
Oh, God bless my soul and strike him dead

I know Capricorn man, I believed he's alive
Say no, somethin' you can
Oh Lord, I've been wild

Exiting end takes my mind, really I'm alive
Indication for you that he blows my life
Live your life wild baby, live at least awhile
Fool man, cool man, oh Lord that's wild

I know Capricorn Man, I believed he's alive
Say no, somethin' you can
Oh Lord, I've been wild

I know Capricorn man, I believed he's alive
Say no, somethin' you can
Oh Lord, I've been wild

Capricorn man, say somethin' you can
Capricorn man, say somethin' you can
Capricorn man, say somethin' you can
Capricorn man, say somethin' you can
