

Dominator

Oz

I'm fresh out of hell my suffering made me a demon
But you're willing to tell I creep into you when you dream on
The tower is rising to take you from holy ground
So enticing, the scream that I hear when you're bound

I'm the dominator, my spirit is older than mountains
Like an alligator I drank from the sufferer's fountain
A beast with a nature to match, I have no remorse
Surrender to me I'm a fearsome force

Take-my-love...
Dominator, I'm the dominator
My love is like a ball of fire
Dominator, I'm the dominator
I tell you that I ain't no liar

I am the dominator, my soul is so deep that it's hollow
So easy for me to take you and make you follow
Come with me now
Show me the reasons why love is so close hate

Take-my-love...
Dominator, I'm the dominator
My love is like a ball of fire
Dominator, I'm the dominator
I tell you that I ain't no liar

Dominator, I'm the dominator
My love is like a ball of fire
Dominator, I'm the dominator
And you can feed my dark desire
