

## Fire in the Brain

Oz

Shaking my head, burning desire  
Making me run from the heat of the fire

Give me your hand, I'll show you the way  
Don't be afraid, don't run away  
Go from my home, you want get burned  
It's an illusion that you haven't learned, yeah

\*Fire in the brain  
Driving me insane  
Fire in the brain  
Taking me high  
Fire in the brain  
Driving me insane  
Fire in the brain  
Making me fly

\*Repeat

Finding my way won't change my mind  
Leaving the soul way far behind  
Leave it again, sing you a song  
Felling so good, feeling so strong
