

Total Metal

Oz

Listen to the power roaring down the road
1000 miles an hour, engine overload
Come and be the driver, time to take a chance
Supersonic rider, make the pistons dance

She can please you, she will tease you

Push down the pedal, she's total metal
Speed up and sock it, fly like a rocket
Push down the pedal, she's total metal
You've got to feed her, she's no deceiver

Fire wind is blowin', lightin' up the air
Speed of sound and growin', danger, you don't care

You can take it, you can't break it

Push down the pedal, she's total metal
Speed up and sock it, fly like a rocket
Push down the pedal, she's total metal
You've got to feed her, she's no deceiver

Push down the pedal - she's total metal
Push down the pedal - she's total metal
