

## It's In The Air Tonight

Ozark Henry

Is it ok to call can I call you tonight  
are you still working late making drapes of life  
No solo daughter can I come open now  
I pick you up at 8 cuz someone cares for ye

Let's go out dance all night  
being lost hot for life  
Not to think not to talk  
but you feel hungry for more  
hungry for more  
it's in the air tonight

Our souls are over  
we looked the here and now  
al is dark and since it become extremely light  
Shall I stay over  
your coffee's fame it's right  
there is no other guy we will become the night

Let's go out dance all night  
hot the hips soul in fine  
Not to think not to talk  
but you feel hungry for more  
hungry for more  
it's in the air tonight  
(instrumental)

Time is now is crying out  
down so close you're so fine  
not to think not to talk  
but you feel hungry for more yeah  
hungry for more  
it's in the air tonight  
it's in the air tonight  
Oooo
