Don't Mess With The Dragon

Ozomatli

Don't mess with the dragon
Don't mess with the dragon
Don't mess with the dragon
Don't mess with the dragon
Don't mess with the

You dig in; you're dug in now; you cry for help
But can someone really year?
You're pulling; you're tugging, trying to save yourself
But no one seems to care
When you walk the world alone, whoa, whoa
Will you find your way back home?

[Chorus]
Don't mess with the dragon
Don't mess with the dragon
Don't mess with the dragon
Don't mess with the dragon

You're falling; you're crawling, searching in the dark
Your heart is full of fear
You're crying; you're tryin', want to find yourself
But you can't look in the mirror
When you walk that lonesome road, whoa, whoa
Don't forget your heart's your home

[Chorus]

When you walk that lonesome road
Don't forget your heart's your home

[Chorus: x2]
