

It's A Raid

Ozzy Osbourne

It's a raid!
Oh no, hide everything

I hear them breathing on my telephone
I know I'm never alone
I been to places you should never go
God's really Satan and he's waiting for you out there

Hideaway, I've been locked up for seven days
I'm never coming out
Wide awake, I feel my heart accelerate
I'm never coming down
Mama said you can't kill what's already dead
And all the feds are waiting for me somewhere
Hideaway, I've been locked up for seven days
I'm never coming out
Everybody wants me
Everybody wants me

Outside my window there's a silhouette
My rifle's right beside my bed
Oh Lord, I'm running out of cigarettes
Fuck

Hideaway, I've been locked up for seven days
I'm never coming out
Wide awake, I feel my heart accelerate
I'm never coming down
Mama said you can't kill what's already dead
And all the feds are waiting for me somewhere
Hideaway, I've been locked up for seven days
I'm never coming out
Everybody wants me
Everybody wants me

You're missing your fucking head, yeah
Everything I am, everything I wanna be (Hold on)
Everything I am (Get louder), won't you come along with me?
Attack (Yeah)
I want to see you go fucking animal (Like a grade A psycho)
Go fucking crazy, hahaha...
Woah, who fuckin' is this?
Knew it was fuckin' motherfuckers
It's a raid!

Hideaway, I've been locked up for seven days
I'm never coming out
Wide awake, I feel my heart accelerate
I'm never coming down
Mama said you can't kill what's already dead
And all the feds are waiting for me somewhere
Hideaway, I've been locked up for seven days
I'm never coming out

(Shit)
I see the police, shit
Don't pull that fifty fuckin' round, fuckin' judge

Get out and fuckin' run
Run, run, run, run, run, run
Attack!
It's a raid!
Everybody out!
Fire!
Fuck you all!
