

# Nightmare

Ozzy Osbourne

Thoughts about you just won't let me sleep at night  
Blinded by obsession and despair  
All you are is just synthetic paradise  
Steal my love from me without a prayer

The euphoria rushes through my veins  
The eternal possession driving me insane  
I must be dreaming

I'm running fast but getting nowhere  
I see the light but I never get there  
I hope I wake when the morning gets here  
Your love is like a nightmare

Feed me lies and cover with a smile of grace  
Promise me the truth and I'll be saved  
Take away the pain and make my heart be brave  
Comfort me forever, I'm your slave

I know there will be a price to pay  
I'll feel the guilt tomorrow but I'm numb today  
I'm dreaming

I'm running fast but getting nowhere  
I see the light but I never get there  
I hope I wake when the morning gets here  
Your love is like a nightmare

I'm running fast but getting nowhere  
I see the light but I never get there  
I hope I wake when the morning gets here  
Your love is like a nightmare

I'm running fast but getting nowhere  
I see the light but I never get there  
I hope I wake when the morning gets here  
Your love is like a nightmare
