

# Straight to Hell

Ozzy Osbourne

Alright now  
Come on now

You're flying higher than a kite tonight  
You've took the hit and now you feel alright  
Your dance be death so we must celebrate  
I'll make you scream, I'll make you defecate

Straight to Hell tonight  
We're going straight to Hell  
Straight to Hell tonight

I'll make you lie, I'll make you steal and kill  
I'll make you crawl until your final thrill  
Enjoy the ride, I'll plant my bitter seed  
You'll kill yourself and I will watch you bleed

Straight to Hell tonight  
We're going straight to Hell  
Straight to Hell tonight

Straight to Hell tonight  
We're going straight to Hell  
Straight to Hell tonight

Something is missing and you don't know why  
Deeper in the darkness you will hide

Alright now  
Alright now

Straight to Hell tonight  
We're going straight to Hell  
Straight to Hell tonight

Straight to Hell tonight  
We're going straight to Hell  
Straight to Hell tonight
