

Do with It

P-Lo

Aye girl, aye girl
Tell me wassup
Just might make me fall in love
Oh wait, I know love could be frightening
So let's do it right then
I could call you on a Thursday night
I could show you what your birthday like
That mean I got you wearing no clothes
Don't gotta trip cause we both roll
Oh, Netflix and chill is just fine
Wanna know what's on your mind
We could sip wine
Or maybe some Henny
Just as long as you're with me

Whatchu know about fuckin' with the most real?
Show you some things you don't know still
Bring it here, please don't make me wait
But I'm down if you're gonna make me chase

If you wanna call, you know I'm cool with it
Bring it here, I know what to do with it
You know I'm 'bout whatever if you're with it
Bring it here, I know what to do with it
Bring it here, I know what to do with it
Bring it here, I know what to do with it
You know I'm 'bout whatever if you're with it
Bring it here, I know what to do with it

Verse two, this for you, boo
Have it ready for me when I cruise through
Lookin' real fine when I picked you up
Make a real one wanna lick you up
Nah, I'm just playin' but I can't lie
Wanna do it live but it ain't time
Lovin' how your jeans hug your waistline
We could do the late night in the daytime
That's only if you're with it, girl
I'ma go deep when I get it, girl
Cause I know how you like that shit
When I kiss you I'ma bite that lip

Whatchu know about fuckin' with the most real?
Show you some things you don't know still
Bring it here, please don't make me wait
But I'm down if you're gonna make me chase

If you wanna call, you know I'm cool with it
Bring it here, I know what to do with it
You know I'm 'bout whatever if you're with it
Bring it here, I know what to do with it
Bring it here, I know what to do with it
Bring it here, I know what to do with it
You know I'm 'bout whatever if you're with it
Bring it here, I know what to do with it

It's been a while, I know you're callin' for me

I wouldn't change, girl, I'm feelin' complete
You come my way like I would do yours
Ask me, I'm sure
I'd give it all and more

If you wanna call, you know I'm cool with it
Bring it here, I know what to do with it
You know I'm 'bout whatever if you're with it
Bring it here, I know what to do with it
Bring it here, I know what to do with it
Bring it here, I know what to do with it
You know I'm 'bout whatever if you're with it
Bring it here, I know what to do with it
