

Faster

P-Lo

Ooh, yeah, ooh

You make it right on my life
If it's good, let me know
You just my type, I won't lie
Wanna see if you can go
A lil' more faster for me
A lil' more faster for me
A lil' more faster for me
A lil' more faster for me

Ayy, just a lil' more faster for me
Go dumb with it, bring your friends
You should come with us
Skin tone like the sun hit it, ayy
You like a pro havin' fun with it
You lookin' right on my life
Let me know what the deal is
We mix the dark with the light
Later on we gon' feel it
I ain't trippin' off a hangover
Wanna know if you can stay over
But this ain't one night, you should come try
Preroll get you dumb high, fuckin' 'til the sunlight

Just a lil' more faster
So glad I ain't looked past ya
Your ex an actor and I'm the real, real
Tell me how you feel, let me know

You make it right on my life
If it's good, let me know
You just my type, I won't lie
Wanna see if you can go
A lil' more faster for me
A lil' more faster for me
A lil' more faster for me
A lil' more faster for me

Yeah, ayy, you make it right, ayy
Mix the Hennessy with the light
Ayy, no MySpace, got my top, ayy
After I'm done, can't walk straight, yeah, yeah
Ayy, gotta slow it down
If you didn't know, bitch, you know now
I'm the one like Ne-Yo
Get the box like PO
Wanna be on the same shit I be on
Come slide, it's on sight
When you call, I'm on time
Your ex-man and in sight
That weird shit, it don't fly

Just a lil' more faster
So glad I ain't looked past ya
Your ex an actor and I'm the real, real
Tell me how you feel, let me know

You make it right on my life
If it's good, let me know
You just my type, I won't lie
Wanna see if you can go
A lil' more faster for me
A lil' more faster for me
A lil' more faster for me
A lil' more faster for me
You make it right on my life
If it's good, let me know
You just my type, I won't lie
Wanna see if you can go
A lil' more faster for me
A lil' more faster for me
A lil' more faster for me
A lil' more faster for me
