

# Feel Good

P-Lo

Yeah, ayy, ayy  
I just want a bad bitch to make me feel good  
Yeah  
Make me feel good  
Ayy, ayy  
I just want a bad bitch to make me feel good  
Yeah  
Make me feel good  
Ayy  
All I need, is a bad bitch to make me feel good

Make me feel good  
Make me feel great  
Girl, motherfuck your boyfriend  
Oooo, he do not matter at this moment  
She gon' ride that thang like she stole it  
Working like a Mexi, baby call me sexy  
Freaky lil thing, throw in my direction  
Yeah  
Make this feel like a vaca  
Relationships take better aim babe  
Working like this since the eight grade  
Been the same, know I ain't change  
If you're playing girl, I ain't got no time  
Keep in mind  
I'm just tryna see you from behind  
Do it right baby girl, is it still good?  
I just want a bad bitch to make me feel good

Yeah  
Make me feel good  
Ayy, ayy  
I just want a bad bitch to make me feel good  
Yeah  
Make me feel good  
Ayy  
All I need, is a bad bitch to make me feel good

That's all I'm saying haha  
Gerald  
Uh, hop in that 'Rari and I'm passing ya, vroom  
I keep a baddie riding passenger (ayy)  
And I'm like damn, she got some ass on her  
I'm talking business on the phone with the ambassador  
And Unc told me it's all about longevity  
So I'm hustling, getting to this money 'til the death of me  
Need the dough, been a fiend, Her and I, King and Queen  
How she got in them jeans, I'm tryna get in between  
And when we pull up to the crib, oh then it's going down  
So I push the pedal to the floor, I'm tearing through the town  
She reach over with her left hand, she gon' feel wood  
I just want a bad bitch to make me feel good  
(Ye)

You know  
Yeah  
Aha

Make me feel good  
P-Lo, I got you  
Ayy  
I just want a bad bitch to make me feel good  
Yeah  
Make me feel good  
Ayy  
All I need, is a bad bitch to make me feel good
