

Going Big

P-Lo

Going big, going, going big
Everywhere I go, they know the clique
Way too many wins, they notice it
They was hating, know they sick
Acting like they know me, shit
'Cause I'm going big, going, going big
Everywhere I go, they know the clique
Way too many wins, they notice it
They was hating, know they sick
Acting like they know me, shit, 'cause I'm
(P-LO, time to bring the bass back)

Swear I'm going big like a lineman
Shoot 142, bring the limes in
She wanna pull up to the crib, we can't dine in
Up right away, couldn't even get a Vine in
Straight with the money, we aligned in
Tell me how they broke, tryna chime in
Jesus watching over, he in diamonds
He the only reason why this shit do not get violent
Ayy, 'cause he gave me patience
Ayy, swear this shit don't make sense
Ayy, when you making bands, can't make friends
'Cause I know they're tryna shade like Ray Bans
Got a bad lil' shawty, waist thin
And I own it, I ain't gotta pay rent
Ayy, I know we the ones that ain't them
Put both hands together and I'm saying amen
'Cause I'm...

Going big, going, going big
Everywhere I go, they know the clique
Way too many wins, they notice it
They was hating, know they sick
Acting like they know me, shit
'Cause I'm going big, going, going big
Everywhere I go, they know the clique
Way too many wins, they notice it
They was hating, know they sick
Acting like they know me, shit, 'cause I'm

Going big, going bigger
Postmates how I deliver
My game too cold, made you shiver
But I'm still a hot boy, cooled down like September
Ayy, see 'em mad, got 'em bitter
Can't stop the shine with a dimmer
Only long thing what I give her
And she love to call me baby, but I do not need a sitter
Uh, see me dip, yeah, I'm saucin'
People at the bank see me often
Let the money run, it's a faucet
She gave me the pearl, had to boss it
Took over the game, now we all in
I was down in the chips, then went all in
Throwing up the gang, ain't no vomit
Make my mama stop working, that's the promise

Going big, going, going big
Everywhere I go, they know the clique
Way too many wins, they notice it
They was hating, know they sick
Acting like they know me, shit
'Cause I'm going big, going, going big
Everywhere I go, they know the clique
Way too many wins, they notice it
They was hating, know they sick
Acting like they know me, shit, 'cause I'm
(P-LO, time to bring the bass back)

Going big, going, going big
Everywhere I go, they know the clique
Way too many wins, they notice it
They was hating, know they sick
Acting like they know me, shit
'Cause I'm going big, going, going big
Everywhere I go, they know the clique
Way too many wins, they notice it
They was hating, know they sick
Acting like they know me, shit, 'cause I'm
