P-Lo

Ayy, yeah, yeah, yeah, ayy  
This time it's for the money  
Ayy, ayy

Bitch I'm, bitch I'm here, ayy  
I been waitin' my whole life for it  
I been waitin' my whole life for it, ayy  
Bitch I'm, bitch I'm here, yeah  
I been waitin' my whole life for it  
I been waitin' my whole life for it, ayy, ayy

This for the masses, just did my taxes  
Know I don't lack shit, I'm in my bag shit  
Them hoes is past tense, I hit the bank today  
I got my fam to thank, coke whites, they match the paint  
I know you better catch up ayy, I know your ass is late  
I just get better when time pass, patience is key I define that  
My girl she don't got a name, I call her fine ass  
Longevity that's the motive, get racks and split with my brodies  
I could take all of this ice off, she gon' still think I'm the coldest  
Feel like the one in the room, I think it's safe to assume  
Never stopped paying my dues, now I'm just making them blues  
Patrón and C make me loose, ayy  
Treat the bae just like some shoulder pads  
Ain't about me it's way more than that  
Keep the fam first yeah I told them that  
They see me hold the plaques

Bitch I'm, bitch I'm here, ayy  
I been waitin' my whole life for it  
I been waitin' my whole life for it, ayy  
Bitch I'm, bitch I'm here, yeah  
I been waitin' my whole life for it  
I been waitin' my whole life for it, ayy

Look, when I played ball I was quarterback  
Nine thousand eight, I can't go outside  
I drop champagne in her bubble bath  
One hand on the wheel while I roll the gas  
Take what we want, we don't ask  
If it's my car then they go fast  
I don't want credit just cold cash  
P-Lo, I got six hunnies on the way  
I'm from LA, born and raised  
To them it's a phase, me it's to the grave  
Meet us at P.F. Changs, after we can exchange  
The list get rearranged, yeah  
Treat the West Side like some shoulder pads  
It ain't about me bitch, it's more than that  
Keep your two cents I need more than that  
Tie her ass up she keep holdin' back  
They think I'm famous, really I'm dangerous  
Mastered my cadence, money my language  
Cheese in my danish, been through the changes  
We keep maintaining  
I just get better when time pass  
Three minutes in and she climax

I pay for all this on my tab  
If you need proof then rewind that

Bitch I'm, bitch I'm here, ayy  
I been waitin' my whole life for it  
I been waitin' my whole life for it, ayy  
Bitch I'm, bitch I'm here, yeah  
I been waitin' my whole life for it  
I been waitin' my whole life for it, ayy
