P-Lo

P-Lo, time to bring the bass back

Always see me with my gang an' 'em  
Speakin' on me, but they came and went  
They ain't really have the same attempt  
So I had to earn my bands again, yeah  
Don't stop, don't stop, on God  
Do what I say, got your girl on robot  
Know what time it is, ain't even got no watch  
And forever now, ain't got no clock  
Okay, okay, we in this bitch  
Okay, okay, broke hoes dismissed  
Okay, okay, they like to switch  
Okay, slide in black cars with tints  
Uh, bad little bitch named Kiana  
One phone call, let me fuck her when I wanna  
All I do is gas up my Hummer  
Comin' from the place where they like to talk dumber

Get it, no doubt (Doubt), females chill at my house (My house)  
If they hate, I'ma tell 'em "Pipe down", ayy (Gosh)  
Ooh, I got these bitches like, "Wow"  
Ooh, I got these bitches like, "Wow"  
Get it, no doubt (Doubt), females chill at my house (My house)  
If they hate, I'ma tell 'em "Pipe down", ayy (Gosh)

Ay, hit a bitch with that jaw-dropper  
Just got another pink slip, I ain't no car-hopper  
Only hit if her shit smell like water  
Some pussy niggas almost killed me, gotta try harder  
I know these niggas hate, but I love that  
Always with a ratchet, I ain't talkin' 'bout a hoodrat  
You lookin' for a wife, I'm tryna find out where a slut at  
Treat a bitch like a fade, we can run that  
Met a nigga like me? I don't think so  
Your music goin' nowhere, what you mad at me fo'?  
You ain't even see this comin', nigga, shout out P-Lo  
We make everything count, somethin' like a free throw  
Ooh, I got these bitches like Sherm  
Niggas swear they next up when they need to wait they turn  
Took a lil' L, but I learned  
Feelin' geeked up, but I don't fuck with you nerds

Get it, no doubt (Doubt), females chill at my house (My house)  
If they hate, I'ma tell 'em "Pipe down", ayy (Gosh)
