

## Jesus Piece

P-Lo

Yeah yeah yeah, yeah yeah yeah yeah  
Ayy, ayy, yeah, yeah yeah yeah  
Ayy

I do this for my fam and my bros  
They want me to care for 'em I don't  
Can't be touched when I get in my zone  
Ain't about bag don't hit up my phone, yeah  
Seventh letter always kept it G  
Promise I ain't slept good in a week  
Money Lynch I'm on my beast  
In the field wearin' out my cleats, yeah

I been, I been, I been ten toes down  
I been, I been, I been on the glow now  
Told my brother I could never slow down  
On the road now, aw yeah, ayy  
Took my chance, leveled up  
Came from nothin', made it somethin', oh yeah, ayy  
Always knew what it was, I was down but I'm up, oh yeah, ayy  
Took my chance, leveled up  
Came from nothin', made it somethin', oh yeah, ayy  
Always knew what it was, I was down but I'm up, oh yeah

Put that Jesus piece up on my chain  
So he watchin' over when it rain  
Sometimes wish that shit could be the same  
But it can't  
But if gang ain't with me then it ain't right  
Know I'd rather waste money than to waste time, ayy  
Whippin', whippin', whippin' on the late night  
Know that everything great always takes time, aw yeah

I been, I been, I been ten toes down  
I been, I been, I been on the glow now  
Told my brother I could never slow down  
On the road now, aw yeah, ayy  
Took my chance, leveled up  
Came from nothin', made it somethin', oh yeah, ayy  
Always knew what it was, I was down but I'm up, oh yeah  
Took my chance, leveled up  
Came from nothin', made it somethin', oh yeah, ayy  
Always knew what it was, I was down but I'm up, oh yeah

And umm, I thank God for everything. Really at the end of the day the key to success, or the key to success and longevity, is faith in-in-in God, and uh, putting a 100% in everything that you do.
