

Look at Me Now

P-Lo

Yeah, yeah
This for the real ones
Yeah, yeah
Doin' what they said I couldn't
Yeah
Sometimes I care, I know I shouldn't
Ayy

I know I'm down for mine
Even when I'm down sometimes
Freaky bitch, break it down one time, yeah
Do it for a young tycoon
Peels in my body, like 2
On the up where I'm headed
Money like butter how I spread it
Hoes in my phone like 7
No, they can't get enough
No new friends, I can't trust

I was broke then, broke then
I'm on the up now
I was broke then, broke then
Don't give a fuck now, yeah

All my real players, stand up, stand up
All the broke bitches sit down
I was broke back then, back then
But look at me now
Look at me now, yeah, ayy
Look at me now, yeah, yeah, ayy

Yellow boy from the land of the side show
I'ma shine bright when the lights low
Shootin' like 30 with the ISO
On it, on it, not poisonin' the youth, I am not man
Ayy, never bummy, Vans on my feet
16 gold shine bright, see the teeth
College dropout like my idol
And I dive in tryna live, fuck survivin'
Thousand all reads in my phone
Fuck my enemies, don't keep 'em close
Look at how I grow
Know my mama proud
Head set fitted, treat it like a crown

I was broke then, broke then
On the up now
I was broke then, broke then
Don't give a fuck now, yeah

All my real players, stand up, stand up
All the broke bitches sit down
I was broke back then, back then
But look at me now
Look at me now, yeah, ayy
Look at me now, yeah, yeah, ayy

All my real players, stand up, stand up
All the broke bitches sit down
I was broke back then, back then
But look at me now
Look at me now
Look at me now
Look at me now
