

Never Sorry

P-Lo

She came to the party
And the after party
We just get lit, won't hurt nobody
Processing, we ain't never sorry
We ain't never sorry

Drink a little, we ain't never sorry
Smoke a little, we ain't never sorry
We won't hurt nobody
We won't hurt nobody

Pull up to the party and the after one
Need two with me not just after one
If she ain't a ten then I'm passin' up
Got her cross faded, got her acting up
She came to party
And the after party
We just get lit won't hurt nobody
Yeah, tonight one for the records
Every time I'm on the Hen I'm making records
Tryna figure out why I mixed it with the champagne
I ain't never sorry for a damn thing
Just a young boy from The Bay
I don't need your WhatsApp in my way

She came to the party
And the after party
We just get lit, won't hurt nobody
Processing, we ain't never sorry
We ain't never sorry

Drink a little, we ain't never sorry
Smoke a little, we ain't never sorry
We won't hurt nobody
We won't hurt nobody

All she wanna do is go up
We don't ever chase, we don't mix with soda
Freaky little thing she gon' drop it low up
Fucking with a star now she tryna glow up, ay
We ain't never sorry
Baby got a body like a goddess
Bet that she can do it, I'm retarded
Yeah, uh, giving life lessons
She gon' hit the 'pagne
I don't like stressing
Pull up to the city, getting litty
Giving no fucks
Good weed, bad bitches is a fo' sho
That's the game plan, that's the oh lawd
Going in, can't make it out nah

She came to the party
And the after party
We just get lit, won't hurt nobody
Processing, we ain't never sorry
We ain't never sorry

Drink a little, we ain't never sorry
Smoke a little, we ain't never sorry
We won't hurt nobody
We won't hurt nobody

She came to the party
And the after party
We just get, lit won't hurt nobody
Processing, we ain't never sorry
We ain't never sorry

Drink a little, we ain't never sorry
Smoke a little, we ain't never sorry
We won't hurt nobody
We won't hurt nobody
