Turn to the side in the mirror pic, it's pokin'
Nails done, hair done, everything to get noticed
And she knows just exactly how she's moving
She's choosin', approvin'
Oh, there, there she goes

Take her ass back to the crib, she gon' bust it open

Go crazy when I get inside
When she worth it, let me spend the time
In the whip, grippin' on her thigh
And she love it when I get behind
