The squad ain't with me then it ain't right

Same squad same squad same squad
Droptop coupe dodge raindrops
Big bag plays on facetime
Squad ain't with me then it ain't right
Same squad, same squad, same squad
Droptop coupe dodge raindrops
Big bag plays on facetime
Squad ain't with me then it ain't right

Same squad same squad same squad
Cross move quick like A.I
Chain shine bright like daytime
Stack big bread like waist high
No I don't do lames
Lil bitch watch out like 2 Chainz
I done swerved in a new lane
Freaky thang at the crib she gon' do thangs

I came up, came up who I was down with
You change up, change up stay far from round me
I came up, came up who I was down with
You change up, change up stay far from round me

Same squad same squad same squad
Droptop coupe dodge raindrops
Big bag plays on facetime
Squad ain't with me then it ain't right
Same squad, same squad, same squad
Droptop coupe dodge raindrops
Big bag plays on facetime
Squad ain't with me then it ain't right

Uh yea no it ain't, yellow boy touch green and stash blues off in the safe
They ain't talkin cash so I did the race
Nascar with the pace, Fiji water on the chain
Fake shit get no love where I'm from
When I'm on a beat I make it thump
I need that bread like every crumb
Came up from nothin' made it some

I came up, came up who I was down with
You change up, change up stay far from round me
I came up, came up who I was down with
You change up, change up stay far from round me

Same squad same squad same squad
Droptop coupe dodge raindrops
Big bag plays on facetime
Squad ain't with me then it ain't right
Same squad, same squad, same squad
Droptop coupe dodge raindrops
Big bag plays on facetime
Squad ain't with me then it ain't right
Ay, ay, ay, ay
