

Sneeze

P-Lo

Ayy, yeah
(P-P-P-LO, time to bring the bass back)
Ayy, ayy

I got what you want, what you need (What you need)
Baby, it's whatever, take a leap (Take a leap)
I can see you blessed, like a sneeze (Gosh)
Baby, kill 'em all, rest in piece (Rest in piece)
I got what you want, what you need (What you need)
Baby, it's whatever, take a leap (Take a leap)
I can see you blessed, like a sneeze (Gosh)
Baby, kill 'em all, rest in piece, rest in piece, rest in piece

Hot girl, hot girl, you on fire (Fire)
He was down for sleepin' on you, gotta wise up
Ten piece, two hands, got my fives up
I could tell that you got it from your mama
Know you never really card what they do say
Brown skin, brown skin, match the D'USSE
And your friends bad too, let the crew slay
Every time they play this song, make your mood change
Mix Patrón and the Hen' in my cup
When we gone, so I sleep one eye up
Know you used to the flaws, I'm not one
I see you eat, so you know where I'm from
Throw it to the yellow boy, back, back it
Lot of racks in my pockets, pants saggin'
Hit them mangoes, makin' sure that ass sit
Hit them mangoes, makin' sure that ass sit (Ayy, ayy)

I got what you want, what you need (What you need)
Baby, it's whatever, take a leap (Take a leap)
I can see you blessed, like a sneeze (Gosh)
Baby, kill 'em all, rest in piece (Rest in piece)
I got what you want, what you need (What you need)
Baby, it's whatever, take a leap (Take a leap)
I can see you blessed, like a sneeze (Gosh)
Baby, kill 'em all, rest in piece, rest in piece, rest in piece

I got what he need, I got what you need (Ayy)
Just call me "The plug," I'll be on the scene (Ah)
He want me to come and be his piece
But I'm a hot piece so it's all in his dreams
Killin' all bitches, I'm a murder scene
And I let your ex girl in the airbrush tee
If you wanna go at it, I don't fuck for free
Gotta pull up to the club to just see me
You say she a snack, I'm a five course
Ain't gettin' your page, I'm not yours
From the Bay to L.A., I'm the right choice
I'm the right choice, baby, I'm the right choice

I got what you want, what you need (What you need, what you want need)
Baby, it's whatever, take a leap (Take a leap, whatever, take a leap)
I can see you blessed, like a sneeze (Gosh)
Baby, kill 'em all, rest in piece (Rest in piece, ayy, ayy, ayy)
I got what you want, what you need (What you need, uh)

Baby, it's whatever, take a leap (Take a leap, whatever, take a leap)
I can see you blessed, like a sneeze (Gosh, ayy)
