

Talkin Bout

P-Lo

Twerk that ass, roll them eyes
Twerk that a- twerk that a- twerk that ass, roll them eyes
Girl, you know I'm on it good
(P-Lo, time to bring the bass back)

Left, right, let me see what it's talkin' 'bout
Shake it fast, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout
Left, right, let me see what it's talkin' 'bout
Shake it fast, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout

Baby, shake it fast, make your body roll
Make a hater sick, got a snotty nose
Go and work it out, girl, your body goes
Bae, you been the one, everybody knows
Move your left cheek, move your right cheek
Got that sweet thing, you an ice tea
I'm on one-of-one, nothin' like me
I'm a bad boy, I get hyphy, yeah

Left, right, let me see what it's talkin' 'bout
Shake it fast, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout
Left, right, let me see what it's talkin' 'bout
Shake it fast, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout

I just really love how you make it go
Like a thumb tag, baby, make a pose
They be copyin', they be takin' notes
You the one, girl, I might take a note
It's really up, babe, got us too stuck
Baby, show it off, never too much
Never choose down, always choose up
Off the juice now, it's a loose one, yeah (Loose)

Left, right, let me see what it's talkin' 'bout
Shake it fast, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout
Left, right, let me see what it's talkin' 'bout
Shake it fast, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout
Fuck it up, let me see what it's talkin' 'bout
