

Hale-Bopp Regurgitations

P.M. Dawn

I should'a known not to watch that comet
I should'a known not to give you this
I should've known not to throw away my records
I should've never purchased compact discs

I can't remember inventing the atom
I don't remember what it's like to be God

I should'a known not to watch Jerry Springer
I should've never watched the People's Court

I don't remember inventing the wheel
But I remember making Styrofoam

I should'a known not to watch that comet
I should'a known not to sex Amy Fisher
I should've never watched the OJ trial
I should've known not to shoot John Lennon
I should've never gotten AOL

I should remember not to blow up buildings
I should remember what it's like to be God

I should've known never sent the stork to the Dahlmers
I should'a known not to make free will

I can't remember my life as a Mormon
I can't remember five minutes ago

I should'a known not to watch that comet

I can't remember my days as an asshole
The same day I made the CIA

I should'a known not to watch that comet

I should've known better
