

FEELING STRANGE

P.o.d.

Too many days to remember, who knows?
Losing track of time, so crazy how it flies
My eyes to the sky
I still don't know why

And you know that time has changed, time has changed
And I just don't feel the same, feel the same
I'm feeling strange, feeling strange
It's kind of strange, I can't explain

The sound of her voice? Lady, how I try
I'm the greatest pretender, so alone
My eyes to the sky
I still don't know why

And you know that time has changed, time has changed
And I just don't feel the same, feel the same
I'm feeling strange, feeling strange
It's kind of strange, I can't explain

Can't explain, can't explain
Can't explain
Why do I feel this way?
I can't explain
Why do I feel this way?

And you know that time has changed, time has changed
And I just don't feel the same, feel the same
I'm feeling strange, feeling strange
It's kind of strange, I can't explain
