

# I GOT THAT

P.o.d.

I got that

Y'all know that  
One time, let me blow your mind  
Come back and tell me how it feel?  
Y'all know the deal  
Suckaz playing themselves to have mass appeal  
Ready to sell your soul 'cause this boy's going straight to the top  
Never paid no dues with his new tattoos  
Never cool now they saying that he's hot

I got that all natural, hypnotic, quality flow  
Got you addicted, just one hit, you press rewind and reload  
This energy, intensity it keeps you weak at the knees  
Ask around, follow the sound and it'll lead you to me

I got that inhale, exhale life that you breathe  
I got that undying, wildfire, light that you need  
I got that stay high, butterfly vibes you can feel  
But since the world so fake, only a few of you will  
I got that, ha-ha, ha-ha, ha-ha  
I got that, ha-ha, ha-ha, ha-ha

I got that superfly, too nice, type vibes  
Come inside and I'll show you what I got  
Light it up, turn it up  
Center stage, mic check, come see me at the spot  
Roll through, we all feeling it too and ain't nobody gonna get in the way  
It's all good, all hood, I wish somebody would  
Step back and let the band play

We got that underground, original, nothing to prove  
SouthTown, don't play around, Dago signature groove  
That through the sky, type of high you can trust  
Now everybody wants the rush so they coming to us

We got that inhale, exhale life that you breathe  
We got that undying, wildfire, light that you need  
We got that stay high, butterfly vibes you can feel  
But since the world so fake only a few of you will  
We got that, ha-ha, ha-ha, ha-ha  
We got that, ha-ha, ha-ha, ha-ha  
I got that, ha-ha, ha-ha, ha-ha  
We got that, ha-ha, ha-ha, ha-ha

I ain't never scared  
I ain't never scared

I got that inhale, exhale life that you breathe  
I got that undying, wildfire, light that you need  
I got that stay high, butterfly vibes you can feel

But since the world so fake only a few of you will  
I got that, ha-ha, ha-ha, ha-ha  
We got that, ha-ha, ha-ha, ha-ha  
I got that, ha-ha, ha-ha, ha-ha
