

## No Ordinary Love Song

P.o.d.

I don't belong  
Too many wrongs  
I'm so undeserving  
I'm lost inside confusing minds.  
a slave to what i'm feeling  
Scared of what i'm thinking.  
i'm not worried about forgiving you  
The simple truth

This ain't no ordinary love song

This love undone  
Words left unsung  
Now i have become me  
The reasoning escapes my soul that leads to understanding  
Loving you to death is stopping  
someone else from living too  
Now it's killing you

Losing control to all my thoughts  
I want to let go but i cannot  
This is my love it's all i got  
Don't take there in hell i'll rot

This is my love it's all i got

Losing control to all my thoughts  
I want to let go but i cannot  
This is my love it's all i got  
Don't take there in hell i'll rot
