Panic Attack

P.o.d.

All these voices sound like a crowd
Alone in the dark but it's still too loud
All by myself, no one's around
'Cause I can't shut it off, 'cause I don't know how
50 million thoughts runnin' through my brain
I try to stay calm and I try to maintain
It don't make sense so I can't explain
I think a brother like me is goin' insane

I think a brother like me is goin' insane (Insane)
I think a brother like me is goin' insane

It's a panic attack, it's a panic attack
No time to react before your mind's collapsed
It's a panic attack, it's a panic attack
Infect your intellect with a mental hijack
It's a panic attack, it's a panic attack
Gonna run out of time before your mind reacts
It's a panic attack, it's a panic attack
Infect your intellect with a mental hijack

And today, I'm movin' on and on, on and on
The way I'm feelin' is so good so far
But this won't last too long, too long, long, long
Right when I get it, then it's gone, gone, gone, gone, gone

I think a brother like me is goin' insane (Insane)
I think a brother like me is goin' insane

It's a panic attack, it's a panic attack
No time to react before your mind's collapsed
It's a panic attack, it's a panic attack
Infect your intellect with a mental hijack
It's a panic attack, it's a panic attack
Gonna run out of time before your mind reacts
It's a panic attack, it's a panic attack
Infect your intellect with a mental hijack

Today I'm movin' on
Today I'm movin' on
Today I'm movin' on
Right when I get it, then it's gone, gone, gone, gone, gone

Infect your intellect with a mental hijack

It's a panic attack, it's a panic attack
No time to react before your mind's collapsed
It's a panic attack, it's a panic attack
Infect your intellect with a mental hijack
It's a panic attack, it's a panic attack
Gonna run out of time before your mind reacts
It's a panic attack, it's a panic attack
Infect your intellect with a mental hijack

(It's a panic attack
It's a panic attack
It's a panic attack

It's a panic attack)
Infect your intellect with a mental hijack
