

1000

P. Reign

All a sudden everybody 100, but not to many 1000
I run through the 100, and keep all the rubber, you can bet the
y 1000s

I got my first 100, then said I need me a 1000
Why keep it a 100? When I could keep it 1000
I'm ready to keep, bet they won't see you, know that I keep it
1000
You know I'm a genius, I keep it G, bet she gon' see a 1000
I'm gunna give her 1000, just keep it 1000
I'm a keep it 1000, just keep it 1000

We moving G's we G'd up, just dropped some G's and re'd up
Soon I bet they'll need us, I just kick back and kick my feet u
p

I know them boys will meet us, I can make them boys believe us
Yes lord, praise Jesus. Just copped the drop and pulled the sea
ts up

And I just cut them rocks to freeze up, we young and popped the
freezer

I bet them hoes won't leave us, my bitch brought friends that's
down to team-up

'Bout to make a ring for G's up, it's gon' take all night to cl

I'm a make it hard to keep up, we just live the life you dream
of

All a sudden everybody 100, but not to many 1000

1000
You know I'm a genius, I keep it G, bet she gon' see a 1000
I'm gunna give her 1000, just keep it 1000
I'm a keep it 1000, just keep it 1000

I ain't never been phony, I put that on my dead homies
Room full of dead presidents just so I don't ever get lonely
Better back, back you don't know me. If your ass fat you better
show me

It's like the last game and I'm Kobe, bout to drop 60 large you
can't hold me

And these hoes like holy moly, just dropped a fat stack on this
Roley

My lifes a movie watch closely, bitch it's Scarface and I'm Ton
y

We sip the pink and move slowly, what you did last night was un

holy

And I keep bad bitches on me, I don't save these hoes I'm no go
alie

All a sudden everybody 100, but not to many 1000
