

# Big Shot

P. Reign

Ya, you hear that? Cool as the ice in my motherfucking cup nigga  
Half a mill on my motherfucking neck, what we doing?

Ay, always been connected like wifi, get a nigga shirt painted like tie dye  
Magic with the wrist like Ta Da, Imma wip it like its grits then voila  
I'm a star on the track like sci fi, weed so loud it smell like a drive by  
Got a thick mixed bitch call her mai tai, got a chinky eyed bitch cooking fried rice  
And I come from the six but I'm top five, nigga balling too hard to play the side line  
One thing for sure nigga time fly, and I'm a fly young nigga so it's my time  
Seen Winnie turn the trap to a gold mine  
I'm only seeing green but I'm brown eyed  
Ain't sign to no nigga fuck Co-signs  
I'll be dead before a nigga give me Deadlines

I got skinnies and slimmies and thickies them hoes  
If they with me they ready to go  
Got big body benzes and big bank rolls  
Stayed down talking all ten toes  
If a bitch ain't bout it she can kick rocks  
And if a nigga kill me they gone lick shots  
Got the ap face with the big clocks  
And I know they gone hate I'm a big shot

Fuck a wedding got rings tho  
Fuck being humble let the bling show  
I had to be a wolf fighting lions and the bears then  
I walked up out the jungle with a mink coat  
Eh, all this drip need a rain coat  
Bitch lick, bitch lick it if ya tryna taste the rainbow  
In 06 had to slang dope - my  
Og was ot with Benz wheels spinning like a game show  
How the game go, fuckin on a plane tho  
We under covers like dem pigs wearin plain clothes  
10 chains tho, feelin like Django -  
She flying to the 6 to fuck and learn the lingo  
Sweet, that pussy sweeter then a mango  
Sweet, like when you own your own label  
Heat, hold heat, but my heart cold  
Karim, im benzema got big goals

I got skinnies and slimmies and thickies them hoes  
If they with me they ready to go  
Got big body benzes and big bank rolls  
Stayed down talking all ten toes  
If a bitch ain't bout it, she can kick rocks  
And if a nigga kill me they gone lick shots

Got the ap face with the big clocks  
And I know they gone hate I'm a big shot
