

Gangsta Gangsta

P. Reign

Gangsta gangsta, Gangsta gangsta, ya
Gangsta gangsta, Gangsta gangsta
Gangsta gangsta, Gangsta gangsta, ya
Gangsta gangsta, Gangsta gangsta, oh
Gangsta gangsta, Gangsta gangsta

All for the set and I'm banging my blood
All for the set and I'm banging my cuz
All for the reps and we came out the mud
How come we still living dangerous?

I pray my niggas don't fold on me
I ride for the niggas on road with me
Can't sleep like pajamas, my hand on my hammer
For all of the niggas that told on me, rolled on me

My dog went to jail and got swole on me
None of these hoes got a hold on me, too cold homie
Used to walk round with the toast with me
Now I'm just here for the bread, used to let hoes get control of me
Now I'm just here for the head

Niggas got famous still can't be running with strangers
I used to pose for the cameras locked in a cell
I know they wanted to hang us, that's why we labeled it hell
Posted my bail, posted right back on the block in Chanel
Watching my soul, it ain't for sale
They envy you gotta beware, prolific we gotta prevail

Gangsta gangsta, ya
Gangsta gangsta, Gangsta gangsta
Gangsta gangsta, Gangsta gangsta, ya
Gangsta gangsta, Gangsta gangsta, oh

Ohhh ohhhhhh
Gotta keep it true
Ohhh ohhhhhh
Ohhhhhhhh ohhhhhh
In that Nipsey blue
Ohhhhhh ohhhhhh

Mind on my money just minding my business
I only fit in with the misfits
She want the D like the Pistons
I got her neck doing fitness
She swallow the sauce that I'm dripping
Tell me I'm looking delicious

Now my dick got on 3 different lipsticks
What kind of life am I living, I gotta make me a killing
I'm smiling but who am I kidding
It feels like we grew up in prison
These hoes wouldn't pay me no visit
Now they gotta pay me to visit

And they gotta pay me with interest
They gotta deal with me different

Still in the hood and I'm making a difference
None of my kids missing Christmas, peace
On my neck like a leash
Still get the keys like Alicia
Shit'll be gone in a week
Came out the belly of the beast
Came out the streets of the east
The wolf had to sharpen my teeth

Gangsta gangsta, ya
Gangsta gangsta, Gangsta gangsta
Gangsta gangsta, Gangsta gangsta, ya
Gangsta gangsta, Gangsta gangsta, oh

Ohhh ohhhhhh
Gotta keep it true
Ohhh ohhhhhh
Ohhhhhhhh ohhhhhh
In that Nipsey blue
Ohhhhhh ohhhhhh
