

# Gold Mine

P. Reign

I'm trying to make a 100 grand  
And do it 10 more times  
I can double up in no time  
You ain't got a couple Benz you can roll my  
I'm trying to make a 100 grand  
And do it 10 more times  
And fuck a nigga co-sign  
I'm a get it on my own, all my gold mine

I can pull up on that bitch that you like  
No she like me much better  
Do what I want, anyday anytime  
Once a life with no pleasure  
I can pull up on that bitch that you like  
No she like me much better  
That's all you need to know  
All you need to know

I'm trying to make a 100 grand  
And do it 10 more times  
I can double up in no time  
You ain't got a couple Benz you can roll my  
I'm trying to make a 100 grand  
And do it 10 more times  
And fuck a nigga co-sign  
I'm a get it on my own, all my gold mine

Ah, rolling swishers, scrolling naked pictures  
Car service cracked a windows catch 'em blowing kisses  
Niggas drowning, we don't feed the fishes  
Grilling when they see P like they hate the Clippers  
I'm never going back to jail ain't got no bigger wishes  
Still not gon' walk like I'm superstitious  
Mercedes Brabus, 850, the new addition  
And the wheel still spinning like its new edition  
Borrowed a quarter, paid it back in a year  
Sit your ass in the rear, and see a king in the mirror  
Crown lean to the side, from where the villains reside  
Suck my teeth in the street, then learned to swallow my pride  
I ain't right at the top, but I'm right on the rise  
I've see titans collide, I was fucking inspired  
In the hoods trying to be good, get out or die  
Just went on [?] and the sky is way up

I'm trying to make a 100 grand  
And do it 10 more times  
I can double up in no time  
You ain't got a couple Benz you can roll my  
I'm trying to make a 100 grand  
And do it 10 more times  
And fuck a nigga co-sign  
I'm a get it on my own, all my gold mine

Bought a Benzes to whippin', bought a hoe to kick it  
Bought a stripper for tipping, and did it all with my niggas  
Did it all for the city, with my town on my [?]  
You got a Civic that kitted, talkin' you ballin-pathetic

My nigga what are we talking  
If it ain't about women  
If it ain't about women, 38 in my [?]  
Lord I've been mobbin forgive me  
I've prayed a semi protect me  
Went to church for confession  
And blamed it all on a Henny  
I was homeless, gorilla mode, beat my chest

Can't stop to celebrate, there's more to make  
Smoking loud, my nigga smell like a noise complaint  
Higher pier, like a bright idea  
Fuck them nosey hoes, the fret'll keep my sinus clear  
Selling pies, I'm a pioneer  
Bring your budget, I got you covered like riot gear, yeh

I'm trying to make a 100 grand  
And do it 10 more times  
I can double up in no time  
You ain't got a couple Benz you can roll my  
I'm trying to make a 100 grand  
And do it 10 more times  
And fuck a nigga co-sign  
I'm a get it on my own, all my gold mine

I'm trying to make a 100 grand  
And do it 10 more times  
I can double up in no time  
You ain't got a couple Benz you can roll my  
Fuck a nigga co-sign  
All my gold mine, gold mine  
You ain't got a couple Benz you can roll my  
All my gold mine, gold mine  
Fuck a nigga co-sign  
All my gold mine
