So I'ont know who told these bitches that it was or cool or whatever the case may be  
To take a picture of a nigga while he sleepin'  
You know I'm sayin', while he's not alert or whatever the fuckin' case may be  
Like you know I'm sayin', like first of all bitch  
If ain't nobody told you, I'll be the first to tell you  
Okay believe I'd be the first to tell you that you lame  
You corny, you stupid  
'Cause first of all bitch, look if you had any chances of seein'  
' this nigga again  
You can cancel that with you groupie ass  
Like, don't nobody got time for that  
Like this, this nigga didn't know that was goddamn bringin' a damn  
Paparazzi around  
Like, damn bitch you know I'm sayin'  
Like you ruinin' this shit for bitches  
And yeah fellas y'all just gotta reconsider, the type of bitches that y'all bring around  
Like know that every bitch can't hang, every bitch not cool  
Some bitches really do be on that lame shit  
Bitches can't wait to name drop and tell a bitch I been with so  
and so  
Look, look, look, look, look, look  
This who I did and I got proof  
A bitch can't wait like, you just gotta chill you know I'm sayin'  
n'  
Be careful, be careful, you feel me
