Bang, bang, kill it, gotta go, go get it
I'ma lean, rock with it, in the trap, going silly
If she drop like it's hot, tell that bitch bounce with it
Talkin' big block flippin', talkin' big sauce spillin'
Got a cheque, big drip, I'm drenched
Pardon my French, I'm with a foreign bitch and she don't speak no English
Big money spent, blow like a vent
Been tryna hit it, if you with it, come and get it

Big Benz whippin', and the windows tinted
Half a million dollar car, million dollar nigga in it
Throw a birdie in the pot, wrist, wrist gotta whip it
All froze, neck drippin', all gold, fried chicken
Know I run it, keep up, no limit, Visa
I got married to the streets, should've signed a prenup
Hood ting, Keisha, good brain, genius
And with this big pile of money I don't never need love
Big wolf on my necklace, big dog, see me flexin'
If I ever get arrested for the gang my confession
Ay, came up flipping chickens, flip a ton, tunnel vision
Jewels drippin', talkin' thirty-three chains, Scotty Pippen, ay

Bang, bang, kill it, gotta go, go get it
I'ma lean, rock with it, in the trap, going silly
If she drop like it's hot, tell that bitch bounce with it
Talkin' big block flippin', talkin' big sauce spillin'
Got a cheque, big drip, I'm drenched
Pardon my French, I'm with a foreign bitch and she don't speak no English
Big money spent, blow like a vent
Been tryna hit it, if you with it, come and get it

Real Don shit, kiss the ring, welcome to the life
James Bond shit, different bitch, every other night
From the trap, little black boy but I'm sellin' white
Got the strap, I got Gilla with me, he ain't tryna fight
With the rejects, been ballin', need a heat check
Still ain't sleep yet, gettin' money is a reflex
Big drip, ain't no Kleenex that gon' clean this
Pull up in the meanest shit they never seen yet
Made this shit for y'all to rock with, for y'all to lean with
Hella green man, life a dream, it's like I'm sleeping
Always this guy, my hoes always been bad
I was always this fly, bitch, I'm always jet-lagged

Bang, bang, kill it, gotta go, go get it
I'ma lean, rock with it, in the trap, going silly
If she drop like it's hot, tell that bitch bounce with it
Talkin' big block flippin', talkin' big sauce spillin'
Got a cheque, big drip, I'm drenched
Pardon my French, I'm with a foreign bitch and she don't speak no English
Big money spent, blow like a vent
Been tryna hit it, if you with it, come and get it
