

# Realest In the City

P. Reign

Sauga City trill one time...

On my way downtown for the girl who got the guarantee  
Man I kill the town, seven seater in the Cherokee  
White on white ghost, thats my little Amber Rose  
Let the top peel back, let 'Sauga see the mack  
Little shawty from the way used to have a thing for me  
Take the bricks up out the Benz, now the whole team straight  
We ain't speaking for the city, we just talking bout the block  
Yeah the whole team hot  
Yeah the whole team hot and you know it  
Its paper, we blow it  
Those niggas I roll with they got the thing for the 40  
We riding through (yeah)  
That's what you 'posed to do (yeah)  
When you the realest...

The realest niggas in the city  
The realest niggas in the city  
The realest niggas in the city  
I wouldn't say realest nigga alive  
But I don't know none of these guys  
The realest niggas in the city  
These bitches there, they rolling with me  
The realest niggas in the city  
Wouldn't say the realest motherfucker alive, but I don't really give a fuck  
about those guys (oh yeah)

Raising hell when I wrote this in the cell and posted bail  
Man my boy just got convicted for a M and got an L  
When yo mama got a rap sheet as long as yours you know its real  
Got a package through the mail  
Whipped that then sold it to the mayor  
I turn peasants into kings, I made winners out of losers  
Say you love me, better suck me, I turn women into Hoovers  
Praise the Lord hallelujah, Jesus pieces from the jeweler  
Hate me, screw ya  
Bitch I started as your favorite rapper shooter  
(Brp, Brp, Brp)  
It's cold in the city, roll with a milli  
Grind on 10, be home in a minute  
Rap so long I could blow any minute  
Just met a new chick that'll blow if I'm with it  
Ride for the Reps, dirty money baby life is a mess  
No ice on ya chest, I can tell why you're stressed  
But I'm busy getting paid, I connect your connects

This right here that trill shit  
This that shit the hoes like  
This that make that mill shit  
Counting paper for the whole night  
This that take yo girl shit, California was a long flight  
Rodeo Drive spent 85 on my day one's, they ? twice  
To be blessed by the best  
3 guns nothing less  
We on, fuck the best

And all my niggas want the check  
The money and power plus the respect  
And I promise nothing less  
I'm repping my team, I put my whole hood on this cream  
They gotta fuck with that  
Word up we the..

Uh, Uh, Uh  
Realest motherfucker alive (We the realest)  
We the, We the realest niggas
