

# Tell Somebody

P. Reign

Caught up in a phase  
Drowning in the rain, yeah  
I couldn't see the way  
You taught me anyway  
It's just me and you  
You know you my boo  
They can't come between us  
Not now and never soon  
So good, so good  
When your heart is racing  
Your mind is pacing good  
So good, so good  
That you gon' want to tell somebody

Grip  
Groove  
Move  
Stick  
Lick  
Kiss  
Tell somebody

Grip  
Groove  
Move  
Stick  
Lick  
Kiss  
Tell somebody

Grip  
Groove  
Move  
Stick  
Lick  
Kiss  
Tell somebody

Grip  
Groove  
Move  
Stick  
Lick  
You gon' wanna tell somebody

Yeah, yeah, yeah  
Say you want to wait  
Say you feel alone  
Baby girl, I'm getting paid  
Got you in a daze  
Those were the days  
If I ever told you something  
Know you took it to the grave  
You know I treat you better  
You know I keep you snug  
Like that Louis V leather  
Like them double C sweaters that I get you

Ain't a nigga in the world will treat you better  
And ain't nothing they can tell us  
When it rain I'm your umbrella  
So good, so good  
When your heart is racing  
Your mind is pacing good  
So good, so good  
That you gon' want to tell somebody

Grip  
Groove  
Move  
Stick  
Lick  
Kiss  
Tell somebody

Grip  
Groove  
Move  
Stick  
Lick  
Kiss  
Tell somebody

3 in the morning, get you undressed  
I know you want it, like you on X  
I got you calling, send me a text  
No water faucet, I got you wet  
When I put you in that mood, nah, I ain't stopping you  
It feel like I'm in a cruise, I might just dive in you  
Like we in Bermuda  
Yeah, shawty a Ruger  
I call her the Uber  
Yeah she tryna boo'd up  
Good brain no tumour  
Spread them legs no rumour  
All that water like a jeweller  
When I'm in it I'm like ooh yeah  
So good, so good  
When your heart is racing  
Your mind is pacing good  
So good, so good  
That you gon' want to tell somebody

Grip  
Groove  
Move  
Stick  
Lick  
Kiss  
Tell somebody

Grip  
Groove  
Move  
Stick  
Lick  
Kiss  
Tell somebody

Grip
