[Verses 1]

See.. see  
Twelve years ago when we started dancing  
Imitating, miming Michael Jackson  
They used to call us Paul and Peter  
We realize say P-Square better  
When our mates dey bubble, we dey huzzle  
To make sure our music go escape  
Us from trouble  
Then we dey try to understand why  
Some people are not the same  
From one competition to another  
Our mama use to tell us not to bother  
Cause we dey play, we dey sing  
We dey dance for the same shows  
eeh....at the same time

[Chorus]

For all those people way de play our songs  
And all those people we dey write about us  
We love you - we love you  
We wanna thank you -we wanna thank you  
Cause Na so e suppose to be  
Can't imagine wetin life go be  
Without you...without you  
We wanna thank you - we wanna thank you

[Verse 2]

In the year two thousand and one  
Was a blessing and a lesson that shows  
We were progressing  
While in year two thousand and two  
Timbuktu came to our rescue  
While in year two thousand and three  
For everywhere.....  
Na our tapes and cds eeh!  
E never finish for santin city  
We go for Kora for South Africa eeh!  
We dey try to understand why..  
Some people are not the same...  
From one competition to another  
Again... our mama use to tell us not to bother  
Cause we dey play, we dey sing...  
We dey dance for thesame shows eeh!  
At the same time

[Chorus]

I got a story...story  
I got a story...story
