Spectacular drama, you like it
Different beats, I'm bouncing, my stompin'
All body looking this way, it's the highlight scene
I see you falling for me; almost a fan already, please don't be stupid
Coming boldly, late to this party
Go on, shout my name out loud
I'm the star here, don't you rush me
La-la, la-la

You never paid attention to our stage, bet you're shocked now, huh?
'Cause I got it like that, oh, I got it like that, yeah
Whatever you imagine, I'll be more than that
So follow me, are you ready?

Mm, who's that? We only play with the top dog league
Our names on a plain white tee
If I want, this spot is first class seat
Who's that? It's me, duh
Yeah, who's that? My flow sound so sweet
A cool groove dance, paint these streets
Snap a peace, we the G-O-A-T
Who's that? It's me, duh

Duh or dodge, rock, paper, scissors, let's go
Crowd's hypnotized by bundle deals all day
Bobbars thrown, the fishes rush in
Sold out fast, emptied already
From the bottom, we raise the price

Ducking more, more, more, we bumpin' hard, no fear
Double D, steps, duh, duh
We rise, bump up and up
Bet you've never seen a hero like this before
Take a picture (Peace)

Uh, uh, yeah
Buzzcut, I shaved it clean, far from reckless
Leather fit on, but my smile, serene
No sign, still the hottest scene, my start is one of a kind
Not leaving a thing behind, every day's a gala show like
Woah, let's be real, I'm no fun
Woah, turn it off, that noise hurts my ears
Everyone sounds the same, but not me
Potato, potato, tomato, tomato, they're all the same

But I was the one kept hidden
I'm the real diamond, yeah
I don't want for nothing, no

Mm, who's that? We only play with the top dog league
Our names on a plain white tee (White tee, yeah)
If I want, this spot is first class seat (Yeah)
