

# Killin' It

P1Harmony

Yeah, yeah

Too many average music, turn 'em low, low (Low)  
All of you, put your hands, way up to my flow, flow (Flow)  
Mask on, frenzy Paparazzi hound me (Ayy)  
Surprise, you're lucky to have found me

(Kkal) It's a brand new style never seen this kkal  
I'm rockin' and rollin' the colors that I got  
You know I got the swaggy, one and only kkal  
I'm the boss, I'm the man, I'm a super, super, super

I'm the superstar, already know that (Ayy)  
Look at this, I never wanna go back (Ayy)  
You can follow me and call me all day  
Everything I do, it's too easy, looking good, ah, man

Blaze like the flaring sun  
Burn all the passion, singing  
Even if they don't really know me yet  
Yeah, I bet, I bet they're looking at me now

This is my ttaekkal, all my clothes  
The sound of my beat, kkal, yeah, we roll  
We gon' shut it down, you already know (You, you already know)  
We killin' it, da-da-da, da, da  
Killin' with ttaekkal when we play  
Groovin' with my kkal, yeah, we slay  
Watch me knock 'em out, I got it made (You, you already know)  
We killin' it, da-da-da, da, da

My root came 2005  
To do things, do what I choose to do, and still alive now  
I have a star, got the six-piece, beat's ping, stylish  
My vision ambition, trust me, you know the reason, it's me

(Kkal) It's a brand new style never seen this kkal

We go up, we go up, all run, run away  
A perfect fit, we go up, turn it up

We go up, we go up, that, that highway, ha  
Gotta move, flip, flap, walk the street, yeah, yeah (Yeah, yeah)

Better get out the way (Out the way)  
Can't stop a star from shining (Ayy)  
From shining, so ready, set, let's go  
Yeah, you already know, boy
