

# Just The Two Of Us

P9

Só nós dois dois nós  
Só nós dois dois nós

I say hold on, hold on to the wheel baby  
Don't let them steal your will  
They say don't love, don't love, don't love baby  
Hang on to what is real

And live out what we call life baby  
So no need to ever fear  
'Cause this love will never die baby  
So let's just enjoy the thrill

Maybe we're crazy but this is our love  
I'm tired, you're tired  
We both had enough  
You're leaving but still here I'm calling your bluff  
We make up to break up  
And fall back in love

I want you, I want now baby, just the two of us  
No interruption baby, just the two of us  
Nobody else baby, just the two of us  
Just the two of us yeah

Just the two of us yeah  
Just the two of us  
Oh oh oh oh, oh oh oh oh  
Oh oh oh oh, oh oh oh oh

Just the two of us (oh oh oh oh oh oh oh)  
Oh oh oh oh oh oh oh  
Just the two of us (oh oh oh oh oh oh oh)  
Oh oh oh oh oh oh oh

Don't care what they say baby  
Cause it's just us against the world  
If you still have to ever be wrong baby  
So love like you've never been hurt

Maybe we're crazy but this is our love  
I'm tired, you're tired  
We both had enough  
You're leaving but still here I'm calling your bluff  
We make up to break up  
And fall back in love

I want you, I want now baby, just the two of us  
No interruption baby, just the two of us  
Nobody else baby, just the two of us  
Just the two of us yeah

Just the two of us yeah  
Just the two of us  
Oh oh oh oh, oh oh oh oh  
Oh oh oh oh, oh oh oh oh

Just the two of us (oh oh oh oh oh oh oh)  
Oh oh oh oh oh oh oh  
Just the two of us (oh oh oh oh oh oh oh)  
Oh oh oh oh oh oh oh

I love you baby, I love you baby, I love you baby  
You love me baby, you love me baby, you love me baby  
We're loving baby, we're loving baby, we're loving baby  
Oh oh oh, oh oh oh

I want you, I want now baby, just the two of us  
No interruption baby, just the two of us  
Nobody else baby, just the two of us  
Just the two of us yeah

Just the two of us yeah  
Just the two of us  
Oh oh oh oh, oh oh oh oh  
Oh oh oh oh, oh oh oh oh

Just the two of us (oh oh oh oh oh oh oh)  
Oh oh oh oh oh oh oh  
Just the two of us (oh oh oh oh oh oh oh)  
Oh oh oh oh oh oh oh

Oh oh oh, oh oh oh  
Just the two of us  
Oh oh oh, oh oh oh  
Só nós dois... só nós dois
