Aye

Take the horse to the river, you can't make it drip
I see the fake in your eyes, you can't make a dream
Mind's deep, ahead of time by far
Spirit high, I'm a savage
Lick down demons
C-O-V, where you could get smoked out here (for no reason)
Trap city, hella niggas could get rich out here (sadly)
Pride kills, niggas never learn out here
Each to his own cuh it fucked out here
The dark one's blessed, not lucky
When they tried take soul from me
But they failed, them boy buzzin'
I vision high, I've never been normal
Talk like this and I ain't formal
Hill-set

They don't know strugglin'
Real life, so I did the proper things
Lived on a couple wings, didn't do a thing but sing
You know me
When it's that time, I'm coming with my ting
Hill-set, real set
You know what the fuck it is
You see I'm levels
Rap pebbles and we press specials
Did our part, now it's time to collect medals
Last time I rose it, tried drop him like a red petal
Rave with your gang, but this wap make your friends settle
Ever had to dash a pack quick or
Leave a wap with a man's chick
This is COV where it's active
Fuck drama or karma, I've got burners for that shit
Roll around and put him and his boy in a fat spliff

The you touch, make me want buss
Uss-uss-mwah, make me want cuss
What the fu-
I don't need love, I don't need trust
Are you a skunk
Cuh you want cuff
Can't be around us, cuh you look sus
I'm in the Hillfield strip, and I weren't touched
That boy there, you don't know none of us

Remember me I was window shoppin'
Like 'I wanted one of those'
Rock-sold, I came straight from the bottom
Like I can never fall

Last year, I was all about this beef ting (beef)
Trust bro, it weren't even worth it
Tried settling down with this one bitch
Trust me, it weren't even workin'
Life's kinda mad these days (it's mad)
I need to get paid
'Cause feds on my back, I need to get away
But fuck it, you know man are active
Rise up and bang it
Tell a fuckboy 'stop running'
Flick of the wrist cause damage
You go, dash in the alley
Shh-shh-shh-shh

Look
Everyone's bad when they spray bars (pussy)
Me I ain't bad, I'm a shaytaan
Scottish-Paki, I'm a braveheart
Like my dad, but I ain't start
It's big Shak on the strip doing graveyard
Flip my switch, pick a pitch in the graveyard
Head sick, tryna stay calm
Talk crud, then it's straight arms
On a war, buss looking pagans
With the real side, no fake hearts

So what if I took man's chick? They can't take ours
Fam I love that, but I hate bars
Cuh they remind me of pen bro
And it's fucked if I go back again bro
