

Flip, Repeat

Pa Salieu

Look

I'd make a killa riddim offa any riddim
The grind can never stop 'til I'm wrapped in linen
I did it for my living, now they call me villain
Clean-hearted savage, I was always giving
No one had me, I was always giving
Young nigga chasing figures, you were chasing women (money)
Rinsing out the money, you were no level (bummy)
You're no the same, I was flat running (bando)
Bando baby getting cake in
Making money offa places to places
(Commentary in Wolof)
Rather not speak, I'd rather demonstrate

How many times I run? Feds ah disappear
How many times I run? Did the money reappear?
Feds I see, they don't want to see me free (yeah)
Hillside G from a farm live here

Wait

Flip, repeat
I flipped a--and repeat
Took a couple L's, still repeat
Coming from the belly of the beast
Deep in the valley

Who came gully again?

I say it with chest, King's badder than them
No dawg, I don't see life badder than them (uh)
Punch him in his nose if it don't make sense
Senseless
Don't involve me in posse if it's because of pussy
Don't tell me there's a lick when you ain't done your research
Don't ask me about your bitch 'cause she like my photo (yeah)
Don't you see your wishes really drive me loco

Fucked up, musta got me fucked up
Do a nigga wrong
I ain't stopping 'til you know that you fucked up
Fuck you, if you ever thought you could violate
Fuck you, if you ever thought you could violate

How many times I run? Feds ah disappear
How many times I run? Did the money reappear?
Feds I see, they don't want to see me free (yeah)
Hillside G from a farm live here
