They don't know about the block life  
Still doing mazza inna frontline  
They ain't on what I'm on right  
Still doing mazza inna frontline  
They ain't grow around the block side  
Still doing mazza inna frontline  
Niggas still gully in the six side  
Still doing mazza in your frontline

Bad man run up in your bando  
Knick knack mash that work like Rambo  
Whip that white I feel like Django  
Shut down, lock off, now them man dem know  
Real bad man, who you talking to?  
He got soaked by the dark black yute  
See me I'm that big bad wolf  
How many bandos did I run through  
Gambian brudda, Mr K Kunte  
Follow my rules, still I rise and take  
Graveyard shifts of the day and night  
Just my food that these fiends wan take  
For my money I make the ground elevate  
I dey pray for my sins, for my devilish ways  
For my money I make the ground elevate  
[\*bleep\*] with the spinner on his devilish waist

They don't know about the block life  
Still doing mazza inna frontline

They wanna save my life-ah  
Won't stop belling on my Lyca  
I swear I fell in love with the nina (nina, nina oh)  
They wanna take my life-ah  
Won't stop belling on my Lyca  
I swear I fell in love with the nina (nina, nina oh)

Clout rapping like they gully but they've never touched botty  
Passion for the beef, I ain't sorry  
Fell in love with Shelly, nickname Betty  
What I say better do now, everything messy  
Starboy are grinding, tryna hit the belly  
Shh got chinged for the talk pon the netty  
Bro got links for the desi, that means I too  
Double cross I, then it's [\*click click boom\*]
