

No Warnin'

Pa Salieu

With no warnin' for them
With no warnin' for them
With no warnin' for them
With no warnin' for them
With no warnin' for them
Violate bro then I'm blasting my-blasting my skeng
Made me start warring again
Eye for an eye, demonstration for them
Agitation for them
Giving paranoia with their fake energy
My bitch badder than yours
She held my whistle when them nerds screamed war (madders)
Me with a hammer like Thor (moh)
King yelling 'mohoo' when I ran through the door (moh)
Feeling like Zoro with man's scar
Face-off my skun like phantom (all booky)
Only money off a bloody like her
Kitties dey follow King, the Pa Piper
King stepped in as the outsider
Said again again that 'I take over'

E no warnin' fi dem
But appear with a spliffy, na more copping a friend
With no warnin' for them
Kick back, burn fire, let it rise off for them
E no warnin' fi dem
What we doing is too wicked and wilder pon the ends
With no warnin' for them
Do this real life, no need to pretend

Like as if he pine tit and squeeze
At the speed of the matter can fuck up if them ah meet ya
Ah so we do it when step on street here
Me and black wix
Start it, tree strap
Cyan tek me fi fool, me nuh eediat
Tek away ya life
Easy, freeze catch
Wickedest killing, nobody could believe dat
So we deal widdit
Goose 'am, delete that

Ayo
No say we don't want dem
Ayo, Pa Salieu
Wagwan my killy killy killy killy
How we go?
TriniBad
Ex-Gambino
(Rev it)

E no warnin' fi dem
But appear with a spliffy, na more copping a friend
With no warnin' for them
Kick back, burn fire, let it rise off for them
E no warnin' fi dem
What we doing is too wicked and wilder pon the ends

With no warnin' for them
Do this real life, no need to pretend

E no warnin' fi dem
Reach badness, the man will hold man if man affi sin
With no warnin' for them
Corn here, corn there
Make the baragon descend
E no warnin' fi dem
Carries up a couple 'matic wid the clip dem bend
With no warnin' for them
Do this real life, no need to pretend

These sides danger
Danger
These sides dangerous
These sides dangerous

These sides danger
Danger
These sides dangerous
