

# Fading Out

Paatos

A secret that's to dark  
Much too dark to see the light  
This girl who lost her fire  
Cause his desire was hard to fight  
Outside the world keeps turning  
While she is burning  
Fading out

To build a life of lies  
Of guilt and hate and of illusions  
She's shutting down all emotions

No fireworks, no explosions  
Just like a bird up on a wire  
She lost her fire  
And no one knows

And he, who must protect her  
And should respect her  
But stole her light  
Her end, shaped by fate  
By love and hate  
Fading out  
Fading out
