

Gone

Paatos

I'll be gone
Before the flood
The dam will break
And release the blood

Been living on borrowed deeds
And on stolen beliefs
Been lying to quench my thirst
The wants of a thief

My judgment is sure to come
I know what I am
But justice can never be
Cause I'm sure to be gone

I'll be gone
Before the flood

The dam will break
And release the blood

And after there's disbelief
Just an empty black hole
Indifference is all that's left
After all that I stole

My judgment is sure to come
I know what I am
But justice can never be
Cause I'm sure to be gone

Soon I'll be gone
I leave my legacy
